## Terms of Use

The terms of use for this study can be found at:  
<http://www.icpsr.umich.edu/icpsrweb/ICPSR/studies/36168/terms>

## Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

### NOTICE

#### WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

## **ICPSR PROCESSING NOTES FOR #36168**

*Childhood Adversity and Traumatic Stress among Inpatients at a Psychiatric Hospital in the Baltimore Area from 1993-1995*

1. **Stata Limitations:** Due to Stata limitations, the string variables **DX**, **DX2**, and **DX3** do not contain value labels within the Stata files.

**ICPSR Study #36168**

*Childhood Adversity and Traumatic Stress among Inpatients at a  
Psychiatric Hospital in the Baltimore Area from 1993-1995*

**Original P.I. Documentation**

## **Childhood Adversity and Traumatic Stress among Inpatients at a Psychiatric Hospital in the Baltimore Area from 1993-1995**

### **Variable Description and Frequencies**

**Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.**

**Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.**

## UNIT: Hospital unit pt. is on

Patient's hospital unit

Value	Label	Unweighted Frequency	%
1	Other	173	79.7 %
2	Dissociative Disorders	44	20.3 %
	<b>Total</b>	<b>217</b>	<b>100%</b>

Based upon 217 valid cases out of 217 total cases.

- Minimum: 1.00

- Maximum: 2.00

Location: 29-29 (width: 1; decimal: 0)

Variable Type: numeric

## CARE\_DYS: Abuse Interview: Caretaker dysfunction

Extent of caretaker dysfunction measured as part of a structured interview about childhood experiences. For up to five childhood caretakers, participants were asked four questions about caretaker. Did the caretaker... (1) Have a problem with drinking or drug abuse? (2) Have other mental problems? (3) Ever attempt suicide? (4) Ever hit or be violent toward someone other than you in the household? Caretaker dysfunction scores reflect the sum of positive responses to these questions for all caretakers. [Scores could range from zero to 20.]

Value	Label	Unweighted Frequency	%
0	-	25	11.5 %
1	-	36	16.6 %
2	-	33	15.2 %

Variable Type: numeric

## PPANAM: Abuse Interview: Degree of amnesia for physical abuse

Was there ever a time when you didn't remember these things happening to you or didn't remember part of what happened to you? (When you were a child, did anyone ever use physical force on you?)

Value	Label	Unweighted Frequency	%
0	Forgot none	111	51.2 %
1	Forgot part	45	20.7 %
2	Forgot all	38	17.5 %

Value	Label	Unweighted Frequency	%
	Missing Data		
.	-	23	10.6 %
	Total	217	100%

Based upon 194 valid cases out of 217 total cases.

- Minimum: 0.00
- Maximum: 2.00

Location: 32-32 (width: 1; decimal: 0)

Variable Type: numeric

## SPANAM: Abuse Interview: Degree of amnesia of sex abuse

Was there ever a time when you didn't remember these things happening to you or didn't remember part of what happened to you? (When you were a child, did anyone ever touch you in a sexual way or do something sexual or something weird that made you feel uncomfortable?)

Value	Label	Unweighted Frequency	%
0	Forgot none	52	24.0 %
1	Forgot part	29	13.4 %
2	Forgot all	55	25.3 %
	Missing Data		
.	-	81	37.3 %
	Total	217	100%

Based upon 136 valid cases out of 217 total cases.

- Minimum: 0.00
- Maximum: 2.00

Location: 33-33 (width: 1; decimal: 0)

Variable Type: numeric

## PDUR: Abuse Interview: Longest duration of physical abuse across incidents, in years

How long did this go on? (When you were a child, did anyone ever use physical force on you?)

Value	Label	Unweighted Frequency	%
0.003	-	5	2.3 %
0.006	-	2	0.9 %

---

## NEGLECT: Abuse Interview: Neglect

Extent of neglect measured as part of a structured interview about childhood experiences. Participants were asked five questions related to their experiences of childhood neglect: (1) When you were growing up, did you ever live away from your parents for more than three months? (2) Were you ever in foster care? (3) Did you ever have get sick because of your parents' neglect of you? (4) Was there ever a time when you were really sick and noone took care of you? (5) Were you ever forced to go for a long time (a whole day or more) without food or water? Neglect scores reflect the sum of positive responses to these questions. [Scores could range from zero to five.]

Value	Label	Unweighted Frequency	%
0	-	93	42.9 %
1	-	59	27.2 %
2	-	24	11.1 %
3	-	21	9.7 %
4	-	8	3.7 %
5	-	12	5.5 %
	<b>Total</b>	<b>217</b>	<b>100%</b>

Based upon 217 valid cases out of 217 total cases.

- Mean: 1.21
- Median: 1.00
- Mode: 0.00
- Minimum: 0.00
- Maximum: 5.00
- Standard Deviation: 1.45

*Location:* 46-46 (width: 1; decimal: 0)

*Variable Type:* numeric

---

## SSC: Abuse Interview: Social support as a child

The average of responses to five questions regarding the helpfulness of childhood supports. (1) Was there anyone who would make you feel better about yourself? How much did it help? (2) Was there anyone who would give you advice or would give you suggestions that helped you? How much did it help? (3) Was there anyone who would do things to take care of you or protect you? How much did it help? (4) Was there anyone who would help you feel that you could get through hard times? How much did it help? (5) Was there anyone who you felt you could talk to about your problems? How much did it help? [Scoring: 0 = not at all; 1 = a little; 2 = somewhat; 3 = very much]

Value	Label	Unweighted Frequency	%
0.00	-	15	6.9 %
0.20	-	7	3.2 %

## SISDB\_SUB: SI-SDB: Substance Abuse subscale

Structured Interview for Self-Destructive Behaviors: Substance Abuse subscale -- Have you ever had a drug problem? If yes, how old were you when it began? If yes, were you ever hospitalized for this problem?

Value	Label	Unweighted Frequency	%
0	none	71	32.7 %
1	mild (present, but not disruptive to life)	19	8.8 %
2	moderate (sometimes disruptive to life)	22	10.1 %
3	severe (frequently disruptive to life)	95	43.8 %
	<b>Missing Data</b>		
.	-	10	4.6 %
	<b>Total</b>	<b>217</b>	<b>100%</b>

Based upon 207 valid cases out of 217 total cases.

- Minimum: 0.00
- Maximum: 3.00

*Location:* 212-212 (width: 1; decimal: 0)

*Variable Type:* numeric

---

## SISDB\_EAT: SI-SDB: Disordered Eating subscale

Structured Interview for Self-Destructive Behaviors: Disordered Eating subscale -- What is your present height? Weight? What is the most your have ever weighed? What is the most your have ever weighed as an adult? Do you have problems with overeating? Undereating? Do you ever overuse diet pills, laxatives, or anything else to control your weight? Have you ever made yourself vomit? If so, do you do this often? For how long (did you have/have you had) eating problems? What's the longest time you've ever gone without food? Water?

Value	Label	Unweighted Frequency	%
0	none	57	26.3 %
1	mild (present, but not disruptive to life)	59	27.2 %
2	moderate (sometimes disruptive to life)	50	23.0 %
3	severe (frequently disruptive to life)	41	18.9 %
	<b>Missing Data</b>		
.	-	10	4.6 %
	<b>Total</b>	<b>217</b>	<b>100%</b>

Based upon 207 valid cases out of 217 total cases.

- Minimum: 0.00
- Maximum: 3.00

*Location:* 213-213 (width: 1; decimal: 0)

*Variable Type:* numeric

---

### SISDB\_SEXIMP: SI-SDB: Sexual Impulsiveness subscale

Structured Interview for Self-Destructive Behaviors: Sexual Impulsiveness subscale -- Have you ever been afraid that there's something wrong with the way you handle sex in your life? If so, what worries you? Has it been a big problem in your life? Would you say your sex drive is too high? Too low? Do you ever like to be hurt when you're having sex? Do you ever find yourself involved with people who hurt you during sex?

Value	Label	Unweighted Frequency	%
0	none	128	59.0 %
1	mild (present, but not disruptive to life)	33	15.2 %
2	moderate (sometimes disruptive to life)	27	12.4 %
3	severe (frequently disruptive to life)	18	8.3 %
	<b>Missing Data</b>		
.	-	11	5.1 %
	<b>Total</b>	<b>217</b>	<b>100%</b>

Based upon 206 valid cases out of 217 total cases.

- Minimum: 0.00
- Maximum: 3.00

*Location:* 214-214 (width: 1; decimal: 0)

*Variable Type:* numeric

---

### SISDB\_SHARM: SI-SDB: Self-Harm subscale

Structured Interview for Self-Destructive Behaviors: Self-Harm subscale -- Do you have any scars caused by hurting yourself on purpose? How many times have you: Cut yourself? Burned yourself? Banged yourself? Picked open sores? Choked yourself? Overdosed? Done something to hurt or damage your sexual organs? Jumped off something?

Value	Label	Unweighted Frequency	%
0	none	71	32.7 %
1	mild (no serious injury)	27	12.4 %
2	moderate (moderate or occasional injury)	41	18.9 %
3	severe (severe or frequent injury)	68	31.3 %
	<b>Missing Data</b>		
.	-	10	4.6 %
	<b>Total</b>	<b>217</b>	<b>100%</b>

Based upon 207 valid cases out of 217 total cases.

- Minimum: 0.00
- Maximum: 3.00

*Location:* 215-215 (width: 1; decimal: 0)

*Variable Type:* numeric

---

## SISDB\_SUIC: SI-SDB: Suicidality subscale

Structured Interview for Self-Destructive Behaviors: Suicidality subscale -- Have you ever seriously thought about killing yourself? Did you ever make an attempt to kill yourself? How many times? How old were you at that time?

Value	Label	Unweighted Frequency	%
0	none (no ideation)	36	16.6 %
1	mild (ideation, but no attempts)	39	18.0 %
2	moderate (gestures or attempts with low lethality)	32	14.7 %
3	severe (1 or more serious attempt)	100	46.1 %
	<b>Missing Data</b>		
.	-	10	4.6 %
	<b>Total</b>	<b>217</b>	<b>100%</b>

Based upon 207 valid cases out of 217 total cases.

- Minimum: 0.00
- Maximum: 3.00

*Location:* 216-216 (width: 1; decimal: 0)

*Variable Type:* numeric
